A SMASHING GAME!

You're the master of the local graveyard. Usually a peaceful job. But since those monsters moved in, it's been pure terror. And now they've decided to head for town and throw a wild and lively party!

You have the job of keeping them where they belong—resting in peace! Can you do it? If your reflexes are swift and sure, if you can learn the amazing Monster Smasher System, you may survive!

MONSTER SMASHER™
